MR. LEBLIE'-DEAR SIE—The boiler you drainshed us the Hudson County Alms House, N. J., is satisfactory to us every respect, and we willingly bear testimony to its go qualities. Before purchasing your Patent Boiler we had two increased in abular boilers, with 3-inch tubes; these boile were set in brick and were the best boilers in the market whe hey were purchased. Your boiler excels them in every espect, and saves 30 per cent in fuel. You're respectfully,

Mr. H. LESLET: Sin—Your Patent Boiler, 40-horse power,
I purchased of you far exceeds my expectations; it gives all
the seam required for a 40-horse engine and does not consome but one-half the fuel of a 15-horse power boiler I farmerly used. I believe it to be the best, safest and most
comonical in use to-day. Yours, truly. D. McGROGAN.
NEW YOUR, March 25, 1862.
Mr. H. LESLET:—Sin—I am very much pleased with the
Leslie Patent Boiler I purchased from you, for the steam tug
Stevens; it far exceeds my expectations. The boiler I had
previous to purchasing your lestent Boiler was one similar
to those in use on most of the river steamers and said to be a
good boiler; it consumed fifteen tons of onsi per week. Now,
your boiler is giving all the steam required, using only 7 tons
of coal yearly. I would say to alt those who are in want of
boiler now in use, oth for connouncy and safely.
